## Vendor Website Contract

Welcome to Rainbows End Farm, LLC (TREF, LLC) where we pride ourselves on doing things the way God and nature intended it. Our animals are raised on pasture which allows them to eat grass, bugs, roots-whatever they desire, and they are supplemented with organic feed, free of harmful chemicals and GMO's. We are a small family farm that takes an old world approach to raising our animals and produce. While our methods may not be the least expensive or most efficient way to grow food, we see it as more nutritious and environmentally friendly to both land and animal.

Our farm store has grown out of our mission. In addition to our products, we want to help other local artisans display and sell their wares. We are thrilled to hear the delight in customer's voices when they express their pleasure in our store and its offerings. Thank you for choosing to be a part of our family farm experience!
